Who We Are

For close to 20 years, we have honed our precision metal fabrication services. With roots in the contracting industry, CEO Damian Lang started the EZ Grout equipment line to improve the efficiency on his own masonry job sites. Since then, EZG Manufacturing has expanded to include precast, refractory, compaction, concrete, and fencing equipment along with it's award winning EZ Grout equipment line. We also have our custom fabrication and design shop to meet all of your unique needs.

Model MH9

- 2 to 3 bag capacity or 9 cu. ft. (.25 m³)
- Will mix up to 3/4" (1.9 cm) aggregate
- Hydraulic drive, hydraulic dump
- GX270 8 HP Honda® engine (optional electric motor)
- Unique paddle design consists of four reversible mixing paddles to decrease batch time; one-year warranty on rubber blades
- Reversible mixing paddles prevent clogging
- Adjustable height - loads below waste high enough to load into a wheelbarrow or mud tub
- Highway tires and torsion axle for smoother suspension; tow package is designed to pull from the side so that wheels are out of the way of wheelbarrow or the forks on a forklift
- Easier to back into sand pile
- Optional light kit

Mackie Bounds - Brazos Masonry

"There is no doubt in my mind that the Mud Hog Mixers are head and shoulders the best mixers we have ever used. After purchasing two mixers from EZG and putting these to test in the field, I plan on changing my entire fleet of mixers to the Mud Hogs."
